MY EXPERIENCE

In 1992, my family shifted to Meghwadi, Jogeshwari (E), Mumbai. Obviously I had to take admission to nearby school. It was my fortune that I got the admission in 9th standard in Shramik Vidyalaya. The name of school itself indicates that the school of Shramik (i.e. Hardworkers). I know the founder of shramik Late Yashwantrao Chavan Sir had taken lot of task in setting up the school. Despite several criticisms, difficulties, he stood firmly and single handedly coped the situations which resulted today, the well known school in Mumbai. 'Where there is will, there is the way,' This proverb he proved.

Besides this fact, I found the teaching faculties of the school were really sincere and co-operative. I know, I even could not score around 70% in the previous standards, but when I joined Shramik Vidyalaya, I started scoring above 85%. It was not the miracle, but it was what the decent teaching system, and the discipline manners, and good conducts which were taught to us. Many students scored good marks in the exams in S.S.C. board of Maharashtra. Shramik Vidyalaya has shown its outstanding performance all the time. In short, my school is all rounder in all activities.

As per myself concerned, My school has given me a good platform for my career progress. As at present I am working with The Reserve Bank of India as Civil Engineer.

However, the students learning in my school are from poor localities and slum areas. Even many guardians of our school's students have difficult to make their both ends meet. In view of considering this fact, school's founder Hon. Chavan Sir had dreamt of junior/ senior college to overcome this situation of financial inability of the students for further higher education. As the Ex. Students, I think it is our duty to comply his ambition. Perhaps my school is facing the paucity of fund for its further commitments.

On the behalf of Shramik Vidyalaya, it is my humble request to all generous people, Ex. students of school & donation institutions to contribute and join their hands in the form of cash, DD or cheques for the sake of our school Shramik Vidyalaya and to fulfill the remaining dreams of our school's founder.

Sushil S. Mulukh
Ex-student 1993 - 94
