WILL MY DREAM COME TRUE?

*T*eacher!! Visualization being a teacher and my realization being the teacher came true due to my school Vidyarthi Vikas Mandal's 'Shramik Vidyalaya'. My thoughts go back to the most important day of my life, 3rd July, 1996. That day I walked into this esteemed and mighty institution. This was actually a 'Dream comes true' for me as it changed completely the shape and flavor of my life.

Our school was established in four walls with one teacher, 45 students in the year 1983. Now it has flourished beyond imagination with 87 staff members and massive 3500 students.

All the family members of the Shramik School, from the Hon. Founder Late Y.B. Chavan sir, Smt. Smitaji Chavan madam to the Headmaster, have always been co-operative & understanding towards me. This understanding and supportive attitude of the Shramik family helped me to walk smoothly averting all odds, ups and downs giving my best to this institution for the last 13 years.

My hard work, punctuality and eagerness to learn more and more and use of my knowledge to shape the delicate, little ones entrusted to me, paid off when I was awarded with the prestigious award i.e. "An Ideal Teacher" in the year 2003 – 04 by our institution. This would never have been possible if not for the love and understanding of these generous, educational devotee people. By taking into consideration with motto "All round development of the students", Our members of the institution took a lot of pain to see that everything was carried out meticulously, be it academics, sports, entertainment, picnics, camps, exhibitions. We have all facilities except of well equipped school building. So I humbly request to all of you, to share your hands with us to the pious work of education.

Mr. Vijay V. Thakur
Asst. Teacher
