My sweet Memories

When I peep into past my heart fills with joy. After completing my H.S.C D.Ed. I joined the school which was situated in the slum area of Jogeshwari (E) about 24 years back. I was appointed in primary section. I am able to become good teacher only because of blessings of the founder Late Y.B.Chavan sir and trustee, Smt. Smitaji Y.Chavan.

“All round development of the student' is the motto of our school. According to this motto all educational as well as cultural, traditional activities are celebrated here with joy. I am working in this school for last 24 years but I can not express in words what this school has given to me. Today I am known as a 'Resource Person' at ward and district level and I was awarded by 'An Ideal Teacher' (2006 – 07) by the institution.

The founder of school Late Yashwantrao Chavan Sir and his better half Smt. Smitaji Chavan Madam are like pilots of my carrier. Today the school has flourished from all the sides. My school is on the progressing path because of hard work and loyalty of all staff.

After our Sir's death, our trustee Smt. Smitaji Chavan madam is trying her best to make the dream of sir come true having school building. I have decided to be a share of this mission. Would you like to be please?
