A Search light

After completing my B.Ed. in 1998, I joined this school as an Asst. Teacher. At first, I hesitated to stand in front of the students and speak, but sir and madam gave me courage and created confidence in me. The result of all this is that, now I can not only teach effectively but also participate in interschool elocution competitions and always be a winner. I have also acted as an anchor and news reader on a famous T.V. channel.

In my school, various committees have been formed to look after the work of maintaining discipline, conducting examinations, organizing picnics and camps. Students are made known about Indian culture by celebrating various festivals. During Annual Day function students perform various traditional programmes. Really I feel, Shramik Vidyalaya means education with excellence and all round development of the students. I am very much proud to be a teacher of this school.

I am very sorry that in spite of all this development, our school doesn't have a spacious building. We all are very much eager to have it, but finance is our main stumbling block. We would welcome all the helping hands. Would you like to put forward your helping hands?

Mrs. Sneha A. Chavan
Asst. Teacher
