A SUCCESSFUL STORY OF SHRAMIK VIDYALAYA

My family shifted to Jogeshwari in the year 2001. My daughter was 2 ½ years old. Like other parents a question arose in my mind about in which school should I take admission for my daughter. But when I came to know that Shramik's S.S.C. result was the best all over Jogeshawri, I made my mind to take admission in this school.

I tried to know about this, and then I came to know that the founder late Y.B.Chavan sir and trustee Smitaji Madam started this school after suffering a lot. Really I would like to salute this great educationalist by heart. The motto 'All round development of the student' tell us much more about the school.

The discipline of the school is strict. In order to preserve Indian culture and to know the importance about Indian heritage, various Indian various Indian festivals are celebrated here. The annual day function is like a grand festival for students, teachers and parents.

I didn't realise when my daughter's school become my school. My daughter came to know the real meaning of friendship and she has learnt so many things. Now she is able to performed stage programs. The trustee Smt. S.Y.Chavan and the staff always toil for the physical and academic development of the pupils.

The School is always alert in providing educational facilities to the students. We always pray that this school must prosper in all respect. The fame of the school should spread every where in India.

The one floor shade of the school should turn into a huge, airy spacious building is the desire of every parent of the school like me. And last but not the least that the school should have a junior college as well.
